

MODULE 5.2 ASSIGNMENT - VALUE STREAM MAPPING (VSM)

ELVIA GISELLA ADAIR

STUDENT

CHRISTINE MAZHATA

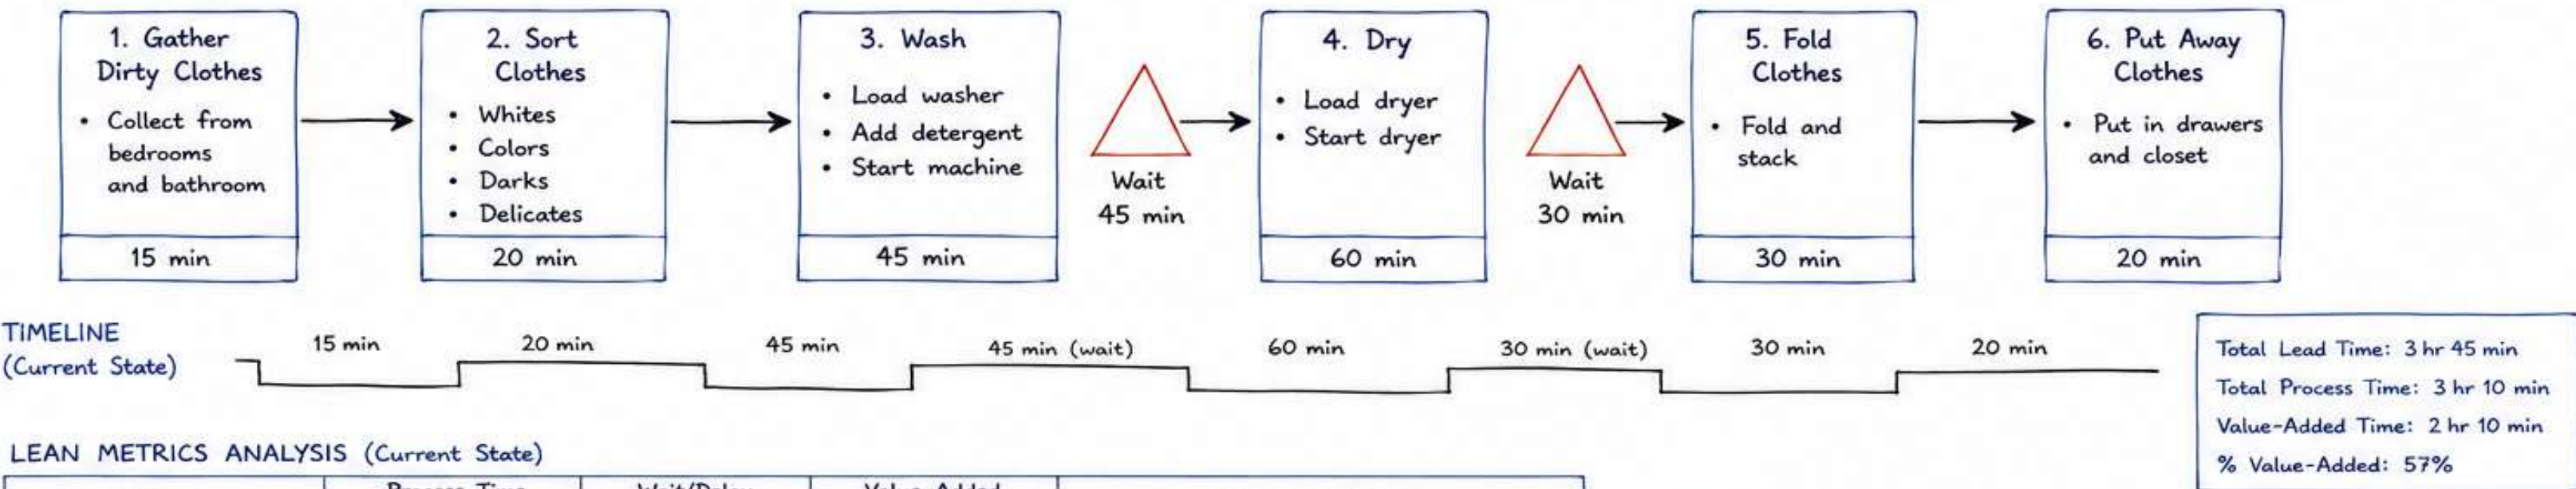

TEACHER

JULY 05, 2026

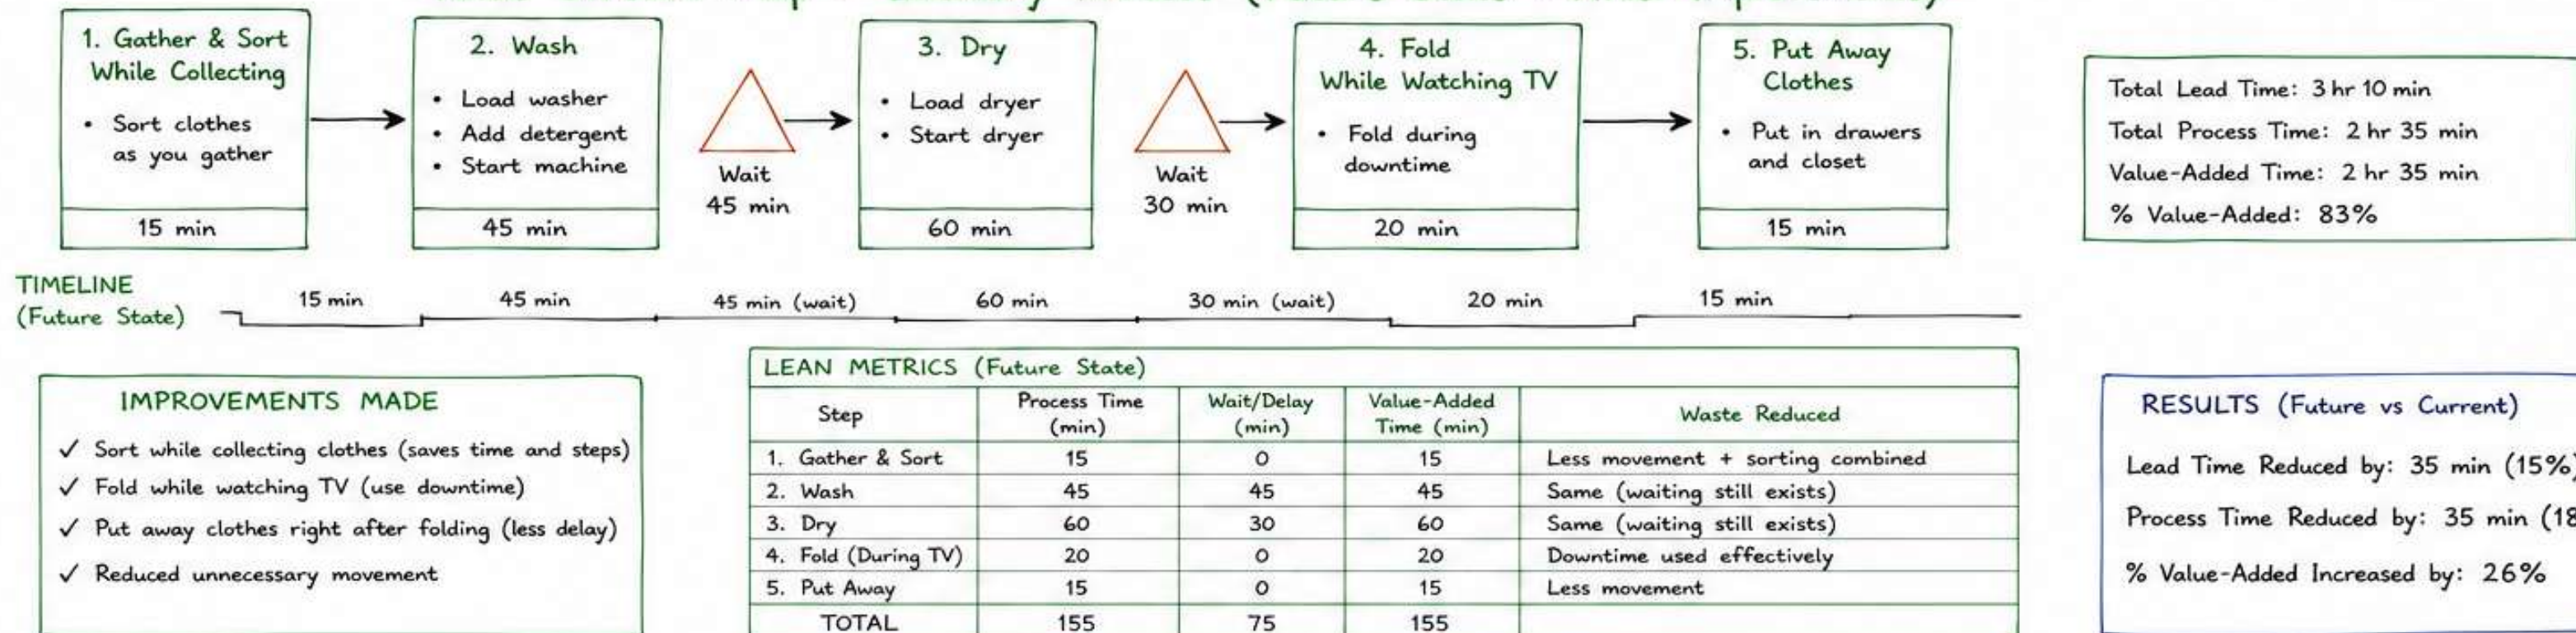

Value Stream Map - Laundry Process (Current State)

Scope: From gathering dirty clothes to putting them away

Time Span: 1 Day

Value Stream Map - Laundry Process (Future State - After Improvements)

Conclusion: By combining steps, using downtime, and reducing movement, the laundry process becomes more efficient and less time-consuming.
